

Instructions to download and use images to promote "Discover Your Potential"

1. Visit [Discover Your Potential – Graphics Webpage](#)
2. Choose an image and left click on it. Click on "Save Image As..." and save it to your desktop.
3. In a Word Press blog, just upload the image to the post where you want it to appear. Just click on "Add an Image" located right under the permalink on each post page. Then search for the image you just saved to your desktop and upload.
4. In a website, upload the image to the images folder and add the following code where you want the image to appear as a clickable link:

```
<a href="http://ENTER YOUR CLICKBANK LINK HERE" target="_blank"></a>
```
5. Done!
